

One Blue.

---

## description.

---

Become one with the ocean on ONE BLUE. Experience total freedom at sea on board this Oceanline yacht. Dutch yacht designer Frank Mulder, has created the perfect setting to live life on the sea, with the inviting and contemporary ambiance.

In the middle of the ocean you will be pleasantly surprised by the difficulty to choose between all One Blue has to offer. Will you go down the large inflatable slide into the deep blue sea or watch while you bubble away with a glass of champagne in the jacuzzi on the flybridge? Get active by showing your talent for water sports or see how long you are able to hold on to the inflatable with Captain Ivo steering the tender! With two outdoor dining areas and a modern indoor dining area, there are plenty of areas to taste the delicacy of Marijo's cooking.

Even on a lazy day, there are plenty of options onboard that chief stew Lara is more than pleased to arrange for you. Whether you choose to have a spa day in the master suite complete with a hot tub and waves crashing in the background, or have a poker night with the salon table which converts into a professional poker table, the creative crew will ensure every memory onboard is one worth saving.

Feel the independence of the ocean onboard One Blue.

An aerial photograph of a motor yacht, viewed from a high angle, showing its deck, cabin, and wake on the water. The yacht is positioned diagonally across the frame, with its bow pointing towards the bottom left. The water is a deep blue-green color, and the background shows a dark, rocky coastline.

## pricing.

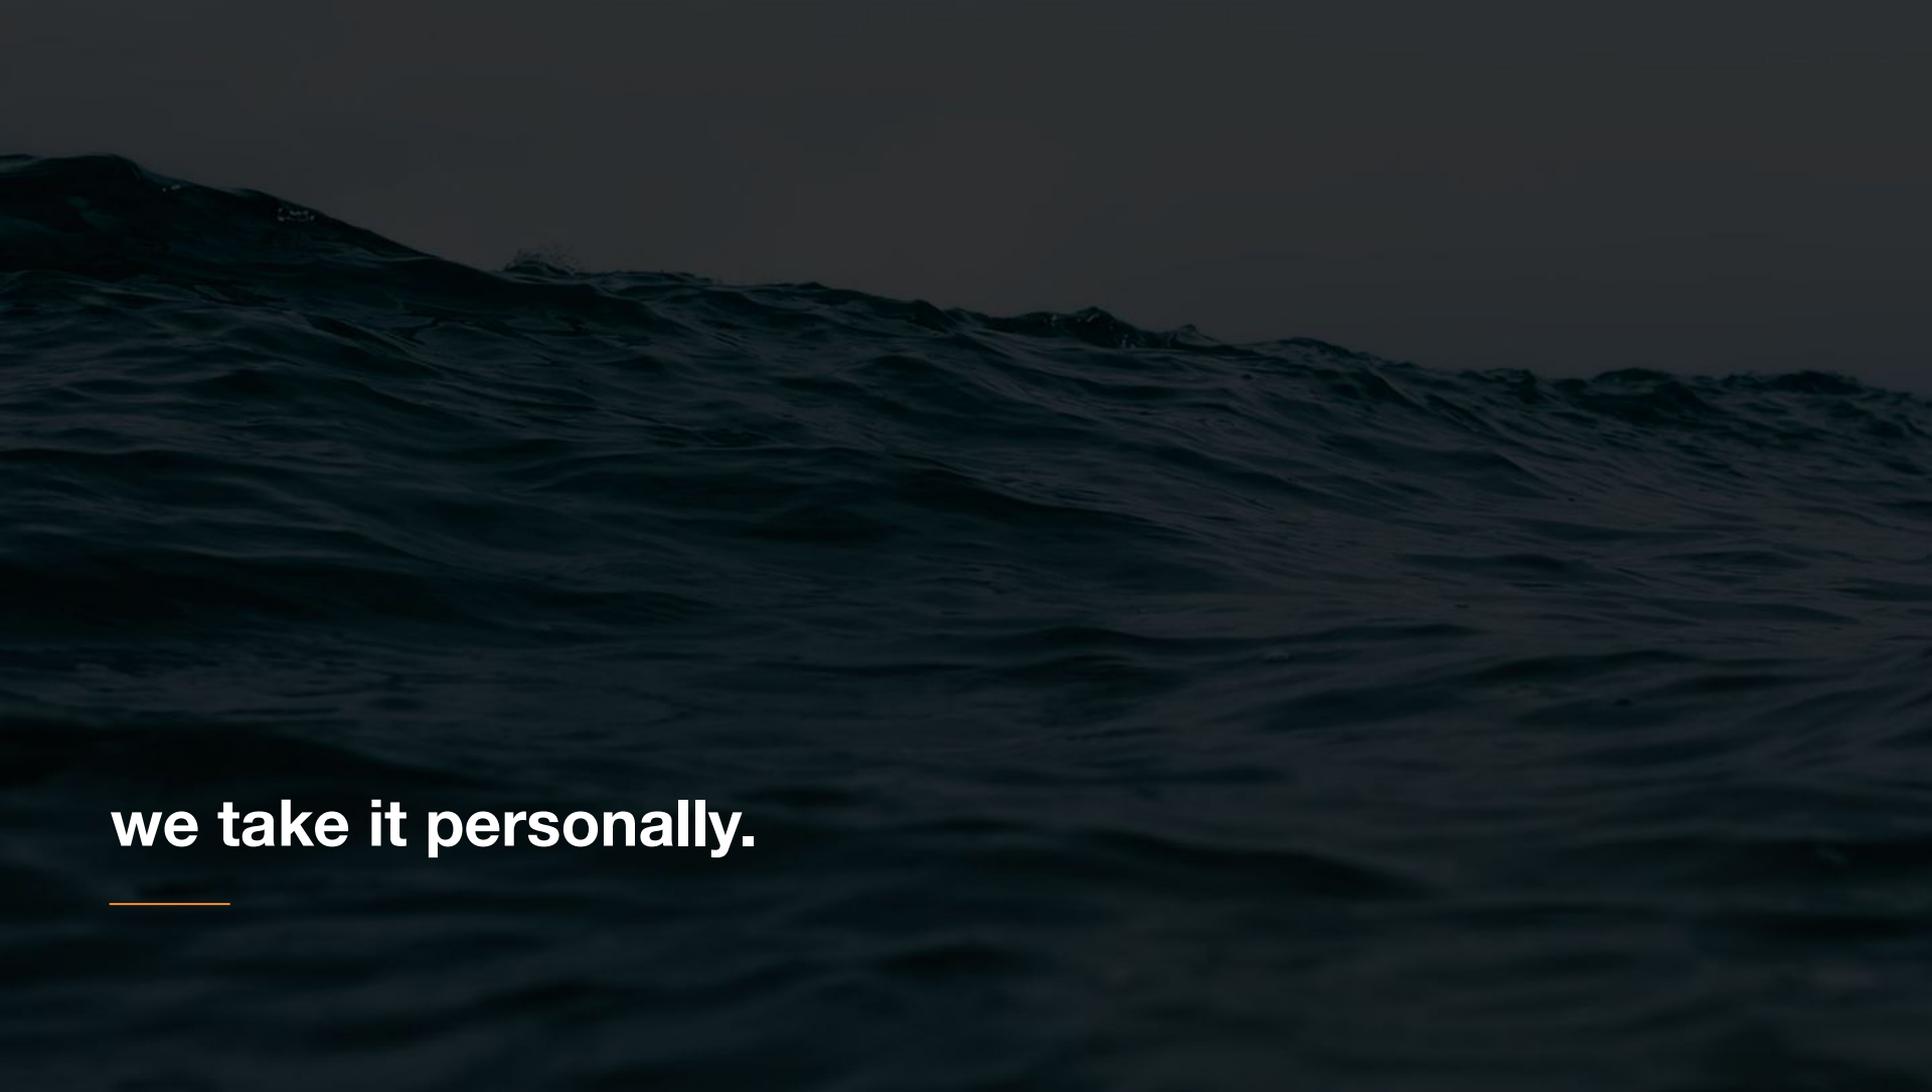

---

HIGH SEASON

€ 99.750 per week

LOW SEASON

€ 89.000 per week

A dark, moody photograph of ocean waves, rendered in shades of deep blue and black. The waves are rolling across the frame, creating a sense of movement and depth. The lighting is low, emphasizing the textures and crests of the water.

**we take it personally.**
